### FOREWORD

The season's greetings to my glad friends and customers everywhere. It was indeed a pleasure to meet so many of you at the Mid-West Chicago Show. I look forward each season also to your visits to my glad garden. Your successes in the garden and at the various shows mean my success, and I welcome your letters telling me of such, as well as any failures which may occur due to defects in the bulbs themselves, for after all "To Err is Human," but I welcome the opportunity to make such failures right to your complete satisfaction.

I believe my list is a fair representation of the finest exhibition and commercial varieties of today. Due to wide variation in soil, climate and rainfall, I think specific recommendations are becoming less valuable each year. I can only tell how certain varieties do in my own garden. Keeping the above well in mind, among my 1941 garden favorites, I should include Myrna, Margaret Beaton, Lady Jane, Surfside, Bingo, Glamis, King William, Lavender Ruffles, Oregon State, Jasmine, Purple Beauty, Aladdin, Shirley Temple, Rosa Van Lima, Rocket, Wings of Song, Snow Princess, White Gold, Emma Joy (Gundlach '42) and the Krueger seedlings. The Canadian varieties, Elizabeth The Queen and Ethel Cave Cole, warrant further trial.

The Krueger seedlings are still making good. Mr. Walter Miller, leading Wisconsin grower, has written a superb testimonial for Diane, C. Lass, Badger Beauty and Master Myron. In part he says, "One of the best new lavenders is Badger Beauty, opening 8 to 10 blooms, perfectly straight spike and a fine keeper. I consider same a big stride in improving the lavenders." Mr. Miles Labrum, Midvale, Utah, wrote me as follows: "My three bulbs of Diane produced uniform spikes averaging 54 in. tall, 30 in. stem length, 16 buds with 7 open and 6 showing color, first floret 7 inches across. Diane is the finest orange I have ever grown, far better than four other new orange glads growing alongside."

They are also winning on the show bench. Diane won division championships at 3 major 1941 shows, the Chicago Mid-West, Wisconsin and Illinois. Master Myron won division championship at Iowa. Cooney Lass won 1st in both 1 spike and 2 spike class at Boston 1941, as well as 1st in 3 spike class, New York Worlds Fair 1940. Criterion, the 1942 ace release, was voted most beautiful spike in show, Wisconsin '41. This glad has been declared by Mr. J. H. Heberling to be the only glad he thought more beautiful than Picardy.

Certain varieties of which I have large stocks are priced below prevailing quotations. I may not be able to supply these by spring as I cannot secure more even at wholesale. Orders for future delivery may be booked with 20% deposit. As is my usual custom, I do not clutter up my price list with testimonials, but the following is but a sample of letters from my many satisfied customers last season:

"Dear Mr. Janes: It is indeed a pleasure to express appreciation for the order I received last Friday. Overcount, size and quality of bulbs are beyond expectation on the small order I placed. The extras are well received and I thank you for all. You can rest assured that there will be a larger order placed with you next season because I received more than my money's worth."
